Dear Melissa,

Just a short note to thank you for the great work you did on my recent function at Sam & Louie's. Your attention to detail, constantly keeping the food tray warm and replenished, keeping everything clean, and always making sure the ice cold beer supply never wavered. Everyone knows a little thirst is a dangerous thing!! I would encourage anyone to use your facility for any upcoming function. Please feel free to use this heartfelt recommendation. Once again, thanks for your fine work.

Sincerely,

A handwritten signature in black ink, appearing to read 'James D. Abel'.
